Depew, New York | (716) 544-7717 | konradzielinski0@gmail.com | [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

AML/BSA Compliance professional with 5+ years of specialized experience in financial crime detection, transaction monitoring, and regulatory compliance. Proven expertise in leveraging advanced analytical tools (SQL, Chainalysis, TRM Labs) and AI technologies to identify and investigate complex money laundering schemes and terrorist financing activities. Track record of improving operational efficiency through process optimization, workflow automation, and cross-functional collaboration.

PROFESSIONAL EXPERIENCE

Senior AML Investigations Analyst

Circle | Remote | September 2021 - Present

- Designed and executed complex SQL queries to analyze high-volume cryptocurrency transaction data, extracting and reviewing critical information to support comprehensive AML investigations
- Conducted comprehensive AML/CFT investigations of sophisticated financial crime schemes including money laundering networks, fraud rings, and terrorist financing, drafting and filing Suspicious Activity Reports (SARs) to FinCEN when appropriate
- Performed transaction monitoring alert reviews utilizing blockchain analytics platforms (Chainalysis, TRM Labs) to detect patterns indicative of illicit activity and identify cases requiring further investigation
- Exercised independent judgment on high-stakes cases involving potential regulatory exposure, documenting decisions not to file SARs with detailed risk assessments and supporting analysis
- Pioneered the integration of AI tools (ChatGPT, Gemini, Cursor) to optimize investigative workflows, automating repetitive tasks, enhancing research capabilities, and improving overall case completion efficiency
- Drove operational improvements by identifying gaps in internal monitoring triggers and providing actionable feedback to product teams, contributing to enhanced detection capabilities and greater efficiency for the AML operations team

Compliance Analyst

WePay (now part of JPMorgan Chase) | Providence, Rhode Island | November 2019 - September 2021

- Investigated 300+ transaction monitoring alerts and user accounts monthly, identifying patterns of suspicious activity including structuring, money laundering, and fraud schemes
- Prepared detailed alert investigations and escalation reports in accordance with BSA/AML regulatory requirements and internal compliance standards, maintaining 100% documentation accuracy during audits
- Maintained expertise in evolving BSA/AML regulations and FinCEN guidance, participating in quarterly regulatory training and disseminating updates to team members
- Collaborated cross-functionally with Risk, Legal, and Product teams to align compliance controls with business objectives while maintaining regulatory adherence

Associate Analyst

AML RightSource | Buffalo, New York | April 2019 - October 2019

- Ensured full compliance with Bank Secrecy Act, USA PATRIOT Act, and FinCEN regulations while executing client-specific AML compliance programs for multiple financial institutions
- Analyzed complex transactional datasets using multiple analytical platforms and investigative tools to identify anomalies indicative of financial crimes
- Identified and documented data quality issues impacting AML detection capabilities, recommending technical solutions that improved alert accuracy by 20%

EDUCATION

Bachelor of Arts in Political Science

University at Buffalo, State University of New York | Graduated 2018 | GPA: 3.6/4.0

TECHNICAL SKILLS & TOOLS

Database & Analytics: SQL (advanced query optimization and data extraction)

Blockchain Analytics: Chainalysis, TRM Labs (cryptocurrency transaction tracing and risk assessment)

Investigation Tools: LexisNexis (due diligence and entity research)

AI & Automation: ChatGPT, Gemini, Cursor (workflow optimization and process automation)

Productivity Suites: Microsoft Office Suite (Excel, Word, PowerPoint), Google Workspace
